Mortgage Protection Insurance

X

RUNSTEDLER
LIFE INSURANCE | RETIREMENT

What is it? A Life Insurance Policy designed to cover your clients mortgage loan amount.

Who needs it? Any client who has dependents that reside in the home, i.e. husband, wife or children.

Why do they need it? To pay off the mortgage in the event of something happening to the loan payor. This protects the family from not losing their home.

What about Private Mortgage Insurance (PMI)? PMI is added to the loan by the lender to cover the lender in the event of a payment default. Your client's family is not protected. They will still be required to make mortgage payments.

By offering your buyers a FREE Mortgage Protection consultation with **Runstedler Life and Retirement, LLC**, you are adding more value to their home-buying experience.

Simply add the Mortgage Protection Authorization Form to the Sales Agreement packet. **Runstedler Life and Retirement, LLC will incentivize agents $25 for each returned form.**

Intended for Agresti Real Estate Agent Use Only
