

# HAWKER 800XP

THE ULTIMATE IN MID-SIZE LUXURY TRAVEL

## Ultimate Luxury

For mid-range flights, the Hawker 800XP is a sophisticated and comfortable private aircraft. The Hawker 800XP is one of the most popular mid-size private jet aircraft in the world, delivering the value you want for mid-range flights without any compromise in luxury or flying experience. The Hawker 800XP features high-speed Wi-Fi and a full galley including a variety of snacks and drinks.

The cabin of the Hawker 800XP is typically configured with eight seats: a four-person club section, a three-person divan, and one forward-facing seat. The seats are fully adjustable and can swivel 360°. Soundproofing has been optimized to keep cabin noise levels in the low 70-decibel range. The cabin itself measures 21.3 feet long, 5.7 feet high and 6 feet wide. There is a baggage compartment accessible in-flight which holds 48 cubic feet of luggage.
