

GULFSTREAM V

THE PREMIUM CHOICE FOR LARGE CABIN LUXURY TRAVEL

Ultimate Luxury

This long-range aircraft typically seats up to 14 passengers in spacious, luxurious accommodations with the latest in-flight amenities including Wi-Fi connectivity. The Gulfstream V comfortably traverses both the Atlantic and Pacific and is also well-suited to Southern Hemisphere destinations. The well-equipped galley includes a convection oven and microwave accompanied by a complete china and crystal set.

Highly renowned for being the complete ultra-long-range private jet, the GV combines incredible speed and range with excellent interior features. The aircraft itself has gone on to set over 40 city-pair records for time, linking Washington with Dubai, London

with Hong Kong and Tokyo with Paris. The interior allows for up to four distinct areas; with vast multimedia resources, the GV can comfortably entertain up to 14 passengers.
